EDITOR'S LETTER

Well, it was fun while it lasted, but 132 pages of British babes every 4 weeks proved to be too much of a good thing, frankly! Still, that's not to say we haven't crammed this issue full of British lovelies again… because we have! Pride of place must go to our two debutantes – the wickedly naughty Ava Delush, and the splendidly-chested Jodie Piper. We certainly hope to be seeing a lot more of both these girls in the future – and of course Jenny Laird, Megan Coxxx and Jaye Rose aren't half bad either! Enjoy!

GOTTA HAVE FAITH

Dear *Mayfair,*
My latest girlfriend, Faith, is so lovely and attractive that I keep having to check if she really likes me and isn't just with me for a bet, but she insists that isn't the case. When I'm feeling a little insecure she's great, telling me that she finds me sexy and that I make her laugh, which is, apparently, everything she looks for in a man. I'm the first to admit that I'm not the best looking bloke and I certainly don't spend hours over my appearance (you couldn't exactly call me metro-sexual!); however she is always immaculately turned out, with not a hair out of place. She's also one of those girls who look exactly as her personality is: shy, sweet and really innocent. The first time we had sex, just the sight of her getting undressed was almost too much for me – she has the most amazing body; taut and lean, with a shapely arse and amazing cleavage; you can tell from a mile off that she works out – I couldn't believe my luck and was half expecting to wake up at any minute! She was somewhat inexperienced, having only had one previous boyfriend, but what she lacked in experience she made up for in enthusiasm, letting me take her in every position I wanted. I made sure I was gentle with her, especially as she looked so pure and untouched, even more so when she asked me, "Am I turning you on enough?" and "Is that okay?" in that delicate voice of hers, which would turn any red-blooded male on in itself. I barely lasted ten minutes before I came, which I think definitely provided the answer to her questions!

> "DO YOU WANT ME TO GIVE YOU A BLOW-JOB?' SHE ASKED ME, A LITTLE NERVOUSLY…"

The next time we were together, Faith took the lead, undoing my trousers as we made out while watching a DVD together one evening. After fumbling around and stroking it for a while, she eventually took out my dick and, staring at it intently, began to wank away at it lovingly and rhythmically. Her tits are incredibly full but still pert, and she was wearing just a thin V-neck sweater that gave me a great view of her smooth cleavage.

"Am I doing it right?" she asked. a little coyly. I just nodded, unable to speak, hoping she wouldn't stop.

She took her hand away, but only to pull her jumper over her head, her tits gently lifting and then, freed, bouncing back into position. It was so perfect an image; I'll never forget it.

Unhooking her bra, she then rubbed my thigh gently with her beautifully manicured fingertips and returned her left hand to my aching cock. I could now run my hand down her tanned, shapely back to the top of her arse, where her G-string was sticking out of the top of her jeans. Damn, that made me horny! Her straight blonde hair was bobbed to her shoulders, and as I ran my hands through it I instinctively applied a little pressure as if to push it towards my lap. I realised what I had done and took it away quickly, hoping she wouldn't notice, but it seems she had.

"Do you want me to give you a blow-job?" she asked me, a little nervously.

"Erm… well," I stammered, "I don't want you to do anything you don't want to." Which, as every man knows, translates as "Of course I do!" She paused for a moment and then said, shyly, "I've never given

CHECK IT OUT!

Dear *Mayfair,*
I know that what with this being an Ashes summer and all that we Brits ought to stick to Aussie baiting, but having just clapped eyes on Jayden in your latest issue (48.07) I feel we ought to put petty jingoism to one side and give credit where it's due – what an absolute stunner she is! That picture of her on page 48 where she's leaning back, pulling her check panties to one side and giving us an eyeful of her juicy slit is an absolute classic – easily worth the price of the magazine alone, but then I guess that's why we buy *Mayfair*, isn't it? *(To look at pretty girls' fannies? Yes, I dare say – The Ed.)* – because we always know there are going to be a few treats in store! Anyway, I still hope we stick it to the Aussies in the cricket, but not half as much as I wish I could stick it to Jayden!
Mike, Lancs.

THIGH BONER

Dear *Mayfair*,
Being a bit of a 'thigh guy', I've been so enraptured by the magnificent Jaye Rose in your magazine that I couldn't let her perfect pins pass without a little poetic praise.

The joys of thigh-lust
Are delights that I must
Praise to perfection
With stonking erection!

I love Jaye Rose's
Sensual poses –
Her hills and dales
Are a tribute to Wales!
And her 'legs eleven'…
Pure heaven!
Who'd not get steamy
Betwixt those pins, soft and creamy?

Jaye Rose's pale thighs
Are really first prize!
Sweet frame for her posey,
Pink, moist and rosy.
What bliss could be lusher
Than Jaye-Rose's cock-crusher?
Thigh flesh so silky
My hard-on's gone milky!
Peaches with cream's
The stuff of wet dreams.
Oh how gorgeous Welsh girls
Have me spilling my pearls!
Now this frisky monkey
Has got all sticky and spunky!

Gabriel, London.

Well Gabriel, many thanks for that! We're always up for a bit of poetry here at Mayfair – especially poetry that uses words like 'Betwixt'! We'll pass this poem on to Jay-Rose – we're sure she'll like it! Meanwhile, check her out on page 18! – The Ed.

one before, so you'll have to be patient with me and tell me if I'm doing it right."

This turned me on more than ever, and my dick was almost hurting it was so rock hard as she moved her head towards my bell-end. The anticipation was electric, then, when her lips slightly parted, she rested her mouth on the tip and took a tentative lick around my foreskin I couldn't help but let out a small gasp. Sinking her mouth down until she had the fat end of my cock inside her warm mouth, Faith began to circle her tongue around it slowly. With her right hand she began to stroke under my ballsack, which made my prick twitch and swell against the corners of her mouth. With her other hand she was gently tossing me off into her mouth, getting more of my length towards her throat each time. The girl was an absolute natural!

Kneeling on the floor in front of me, she leant forward, allowing her lush, naked breasts to rest against my balls. Starting at the base of my dick, she then ran her tongue all the way up my pole, before dipping her head back over it, then repeating this time and time again. I was enjoying cupping her tits as she expertly worked my dick to the point of coming, but then she suddenly lifted her head from it and stared straight at me, my rod pulsing in front of her face.

"SHE RESTED HER MOUTH ON THE TIP AND TOOK A TENTATIVE LICK AROUND MY FORESKIN…"

"Should I drink it?" she asked, which left me absolutely speechless. I could barely believe that my good luck had just got even better! Not waiting for my answer, she said, "I think I should, don't you?" and as soon as her lips were back around my meat, I unloaded my wad straight into her mouth. I saw her cheeks suck in as she took it to the back of her throat and swallowed hard.

Making sure she had devoured every drop, she raised her beautiful face up to me and licked her lips dry of my creamy spunk.

"How was that?" she asked, and then giggled mischievously. If I hadn't known better, I'd have thought that she'd had quite a bit of practice at this, but there was no way she could fake her obvious naivety or innocence. I knew she wasn't a virgin, but unless her previous boyfriend had her sucking his prick night and day, she really did have a natural talent for it! My girlfriend really is the full package, and there's no way I'm letting her go anywhere else… Well, for a while, at least!

Anthony, Westward Ho!

PAINT LIFE GRAND?

Dear *Mayfair*,
My girlfriend Kathy and I have just moved into a new flat. It's our first step on the property ladder so we were restricted to what we could afford but we found somewhere in a nice area that needed a little bit of doing up – the perfect chance for us to try out our hand at DIY!

A few weekends ago we went to work on the bedroom. We had some new wardrobes on order so we thought we'd give the walls a coat of paint before they arrived. We got up early on a Saturday morning, covered

Rah! If it isn't the ever-horny Jenny Laird, putting in an appearance after nigh on six months of frankly inexplicable absence from the pages of *Mayfair*! So Jenny, how come it's been so long since we last had the pleasure…?

"Well you tell me!" she exclaimed. "I'm always up for a shoot for *Mayfair*, so I guess it's you Editor you need to be having words with!"

Well, given that it's the afternoon, we doubt very much whether we'll get any sort of coherent argument out of him, so we'll leave it for now – but it sure is good to see you back in the magazine! Been up to anything of interest lately?

"Oh, you know – just enjoying life as a 25 year old glamour model – travelling, having fun, taking my clothes off…"

Well poor you!

Jim Carrey In Fire Fight With Fox News Over Gun Control

The ongoing squabble between Jim Carrey and gun rights advocates is coming to the boil with the world famous comedy actor releasing a statement bashing Fox News.

Carrey had posted a video on the Internet poking fun at gun rights advocates, the National Rifle Association (NRA), and the late gun rights icon Charlton Heston with impressions of Heston and others and a hoedown-style song called 'Cold Dead Hand' which sees Carrey as a cowboy dancing and singing with a backing band which includes Gandhi on percussion, John Lennon on guitar and Abraham Lincoln on bass.

The video enraged pro-gun activists, even prompting one eBay user to auction off a signed photo of Carrey in order to purchase firearms.

It also got the attention of Fox News, with host Greg Guttfeld calling Carrey "the most pathetic tool on the face of the Earth."

Carrey lashed back, referring to the network as "Fux News" and describing the organisation as "a media colostomy bag".

"Since I released my 'Cold Dead Hand' video," Carrey said, "I have watched Fux News rant, rave, bare its fangs and viciously slander me because of my stand against large magazines *(But not dirty ones! – Ed.)* and assault rifles.

"I sincerely believe that in time, good people will lose patience with the petty and poisonous behaviour of these bullies and Fux News will be remembered as nothing more than a giant culture fart."

No Hung Jury For Man With Epic Stiffy

A New Castle County Superior Court jury in Delaware recently ruled that urologist Dr Thomas Desperito was not negligent in the procedure he performed in December 2009 on 44-year-old truck driver Daniel Metzgar – a procedure which left Metzgar sporting an erection which lasted eight months and allegedly made him the object of ridicule and acts of mental cruelty.

Metzgar's attorney, Michael C Heyden, said they were both "stunned," by the verdict as he and his client left the courthouse.

During the week-long trial, Metzgar testified that his constant erection drew taunts from family and friends, as well as stares, slurs and threats from total strangers. He claimed that the procedure caused him to withdraw from everyday life and wear baggy-crotched sweatpants and a long shirt to disguise his condition.

Poor Metzgar (one's arse bleeds for him) had the prosthesis removed in August 2010, after tubing from the device Dr Desperito had put in place punctured his scrotum.

However, Desperito's attorney, Colleen Shields, suggested that Metzgar should have known something was wrong immediately after the surgery when his scrotum swelled to the size of a volleyball. Instead, Shields said, Metzgar didn't report that anything was amiss until the following April.

Metzgar opted for a prosthesis after other measures failed to correct his erectile dysfunction. He had a three-piece inflatable penile implant, consisting of inflatable cylinders inside his knob, a fluid reservoir under the abdominal wall and a pump inside his scrotum.

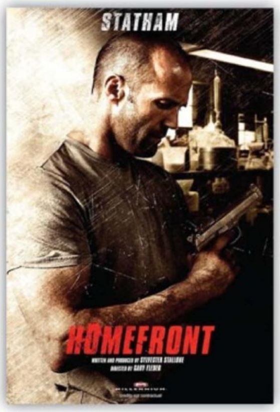
COMINGSOON

From Floaters To Formula 1

A mixed bag of dross and re-hashes awaits us in the near future, with a remake of *Highlander* in the works, the long-awaited sequel to *Dumb and Dumber* with Jim Carrey and Jeff Daniels finally in production (*Dumb and Dumber To*) [sic] and the imminent re-release in remastered 3D format of *The Wizard Of Oz*, ostensibly to mark the flick's 75th anniversary, but really just to squeeze another few squillion bucks out of something they already made in the 1930s.

DON'T LET GO
SANDRA BULLOCK
GEORGE CLOONEY
GRAVITY
OCTOBER

Happily, however, there are a few interesting-looking movies on the horizon too, not least *Gravity*, a present day space thriller which sees a shuttle explode while George Clooney and – wait for it – Sandra Bullock (laughably cast as "a brilliant medical specialist" – I don't suppose the casting people ever sat across from her in a Hollywood nail parlour, like I did once) are out for a bit of a space walk. Their ride vaporised, the two are forced to hang on to each other, floating around in infinity while their oxygen runs out. I look forward to it.



Hugh Jackman turns vigilante in an effort to save his kidnapped daughter in *Prisoners*, co-starring Jake "I'll Never Live Down Brokeback Mountain" Gyllenhaal as the spookily named Detective Loki, and *Homefront*, a thriller which sees ex-DEA agent Jason Statham (why not? – the US is teeming with G-men from Derbyshire) relocating to a small town for a quiet life only to fall foul of meth kingpin James Franco.

TEXACO
GOODYEAR
Marlboro

Also in prospect is Chris Hemsworth as 1970s racing legend *James Hunt*, battling it out with Niki Lauda in the Formula 1 drama *Rush*. What was wrong with *Vroom*?

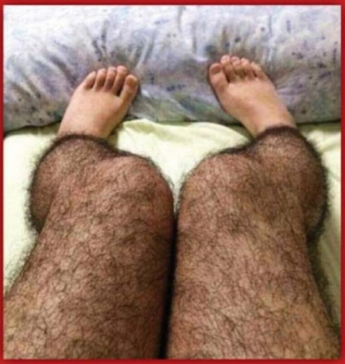
Fake Hairy Legs Creep Out Pervs



The Chinese have come up with a very nearly foolproof product designed to protect young women from the unwanted attentions of stalkers and worse. They believe the revolutionary new clothing items Hairy Stockings For Girls (also known as Anti-Pervert Stockings) are guaranteed to revolt the perverts and scare them off.

Frankly the product is also likely to revolt and repulse absolutely everyone, since the idea is to make it look as though the female wearer has thick, ghastly matted leg hair like a (particularly hirsute) bloke, so that even would-be suitors will run a mile and cough up their lunch into a bucket.

A 'tweeter' called @Happy ZhangJiang describes the item on China's popular micro-blogging service, Sina Weibo, as "Super sexy, summertime anti-pervert full-leg-of-hair stockings, essential for all young girls going out."

The "super sexy" label is puzzling, but then so are the Chinese.

Meantime, in equally poor taste, British company Heritage Condoms is flogging condoms with a royal theme referencing Will and Kate with the predictable slogan "Lie back and think of England."

Of course, given that one of the main duties of the future king is to sire an heir, it makes sense that these condoms actually promise no protection and Heritage describes them as "unsuitable for contraception or protection against STDs."

ANDY McNAB and THE NICK STONE SERIES

Few who read former SAS sergeant Andy McNab's *Bravo Two Zero*, a true account of his escapades in the first Gulf War were disappointed, but one wonders how many people would have guessed that, two decades later, McNab would have proven himself to be an immensely popular and talented novelist with genuine staying power.

He made a splash in fiction from the outset with the publication of his first novel *Remote Control*. The book established continually shat-upon working-class "K" (MI6 deniable operative) Nick Stone, who scrapes along in near-destitution between wet work missions which he is frequently forced to perform after numerous beatings and threats to those he loves.

Stone is, of course, based closely on McNab himself, and the grit that a writer who has actually taken part in the sorts of lethal global misadventures and action he describes in his fiction brings to the table is another especially attractive aspect of his work.

Add to this the fact that McNab, now 53, is a naturally gifted author, never mincing words or obfuscating opinions and continually thrilling readers with his original and fascinating plots, and it's small wonder that his 14 Nick Stone books have been bestsellers… nor that hundreds of thousands of (even) serious readers are anticipating Bantam Press's October release of his 15th Nick Stone novel, entitled *Silencer*.

This one apparently finds Nick semi-retired and living in Moscow with his girlfriend Anna – a devoted father to their newborn son. But when the boy falls dangerously ill and the doctor who saves him comes under threat, Nick finds himself back in the firing line once more. He must follow a trail that begins in Triad-controlled Hong Kong and propels him back into an even more brutal world where the forces ranged against him have guns, helicopters, and even private armies to call upon.

Nick has two decades of operational skills under his belt. As always, ultimately that will probably be enough to see him through…

CELESTE STAR

It takes a special type of pornstress to forge a career for herself while dodging cocks – but Celeste Star's easily cute enough to get away with it! Still, if she wants to break her duck, she knows where to find us...

With her natural 34C-25-36 curves, sweet face with sparkling green/blue eyes and being so down-to-earth, you'd be forgiven for thinking that Celeste Star is just a particularly pretty girl-next-door. Not so. This Californian beauty may look like butter wouldn't melt, but as we all know, looks can be deceiving – point a camera at her and she transforms into a total sexbomb; her sexual appetite is voracious and her on-screen persona is electrifying, so it's little wonder that in the 9 years she has been in the porn biz Ms Star has gained a huge – and loyal – fanbase.

It's hard to imagine that the sexy 5'7" stunner was a total tomboy growing up – she says she still has the scars to prove it – but then, Celeste still isn't your 'typical' glamour girl; an animal lover, she says that her favourite pastime is looking after her beloved pets (she owns two ferrets, a cat and a dog), closely followed by crocheting, bowling, yoga, shopping, smoking weed and collecting DVDs. And what is her fave DVD? She tells us, "Actually, it would probably have to be *The Little Mermaid*. That was the first movie I ever saw. I cried when she left her dad."

> "I LOVE THE SOFTNESS OF A WOMAN'S TOUCH, THE SOFTNESS OF THEIR SKIN..."

See, she's not at all what you'd expect, huh? To give her some credibility back, we do know for a fact that she also likes the *Star Wars* saga, *Coraline* and, ahem, *Bring It On*... Make of that what you will!

WORDS: Tamara Noon **PHOTOS:** Wicked, Harmony, Exposurezone.

At high school, despite being a bit of a tomboy, Celeste found that she loved to be the centre of attention. She explains, "It started when I was a cheerleader, and I still love to put on a show now and have everyone watch me – especially guys." In hindsight, it seems it's little wonder that her path led her towards the adult industry... And it was back in 2004, at the tender age of 18, when she was still cheerleading and dating a guy from her high school, that it all began for her. Her boyfriend just happened to be the cousin of Danny Dukes, an agent for XXX stars, with whom she met and asked to get her some work in porn. Beginning with very soft solo masturbation scenes, within a year she had quickly worked her way through to harder solo flicks and then to girl-on-girl hardcore movies. Since then, she has broadened her horizons, and although she still won't do boy-girl, she has discovered the joys of foot fetishism, spanking, bondage, discipline, squirting, gonzo and double-ended dildos, much to our delight! And to the delight of porn companies across the globe, it seemed, as giants such as Digital Playground, Wicked Pictures, Girlfriends Films, Adam & Eve, Bluebird Films, Vivid and Harmony Films fell over themselves to work with the gorgeous girl. Having seen most of her back-catalogue (for work purposes, of course!), we would highly recommend you take a peek at Bluebird's *Bonnie & Clide*, Zero Tolerance's *Girlvana 1*, Harmony's *Mind Fuck* and *Revenge of The Petites* from ATKingdom – for starters, anyway – as they show the vixen at her very best.

Celeste is one of only a handful of lesbian-only porn stars that have managed to carve a hugely successful career for themselves, and, as she's made over 250 movies so far as well as being nominated for at least 12 awards, we reckon she must be doing something right! But although she only screws girls on film, off-set she generally only dates guys, keeping her job completely separate from her home life. She confirms, "Since I only do solo and girl/girl scenes, porn hasn't really affected my relationships with anyone." As she has the best of both worlds, we asked her what differences she's noticed between the sexes, apart from the obvious, of course! The honest reply came: "I love the softness in a woman's touch, the softness of their skin, they smell and taste delicious, and their backs are the sexiest part of their body. Men are masculine, rough but gentle, and they can enter you the way no women can. I love it all!"

At the same time as her career acting in porn films was taking off, the brunette babe was also taking the media world by storm; in March of 2005, Celeste landed the cover of the esteemed, and infamous, magazine, *Hustler*, and then just a few months later in July 2005, *Penthouse* named her their Pet of the Month. Soon, all the major titles were clambering to feature her, including our very own *Club International* and *Mensworld*. Over the years since, she has appeared in most top-shelf literature, which is hardly surprising when you consider how damned perfect looking she is!

We were hardly surprised, then, when American make-up artist to the (porn) stars, Melissa Murphy, included Celeste in a series of photographs she released on Instagram, which showed the models' transitions from barefaced to fully made-up and ready to shoot. The series instantly caught the public's attention and people went wild for them, adding yet another string to Celeste's bow. Most of the feedback we've heard from fans, report that she is one of the few girls photographed who looks just as good without make up as she does with, which we totally agree with, so natural is her beauty.

An avid Twitter user, if you want to find out more about Celeste, then 'following' her there is the best way to get in touch with her; you'll find her at Twitter.com/misscelestestar. And, if you do check out her Tweets, you'll be treated with such gems as, 'Masturbating n can't stop..!! Sooo horny I've lost count of orgasms...', plus 'Soooo suuuper horny today... I wanna play..!!' and 'One day Imma get to taste Lil Miss @jessieslife!! Until then Imma fantasize while I'm dittle myself!! Meow...' Go on, why not have a gander for yourself? You know you want to...

Just when you think you've got Ms. Star sussed, you learn something else that makes you rethink your opinion. For example, did you know that she is petrified of spiders, but that her dad used to keep tarantulas? How about the fact she has her tongue pierced and a large tattoo on her back of her star sign, Capricorn? Or that her favourite bands include Paramore, The Temptations, Taylor Swift and Rhianna and that she loves the Bruno Mars song, 'Old & Crazy' and Jessie J's 'Do It Like A Dude'? Well, you can relax, because now you do!

So what does the future hold for this 27-year-old hottie?

"Maybe I'll stop when I'm thirty. We'll see." Frankly we hope to be seeing her around for a lot longer than three more years – the world of lesbian porn simply wouldn't be the same without Ms. Celeste Star!

It's not every girl in the world who gets poems written about her thighs, but then not every girl in the world has such a pearly, curvy set of pins on her as Jaye Rose here, is it? So how does the girl herself feel about the verse she's inspired?

"I think it's amazing!" she gushes. "I mean it's always nice to know that you've had an effect on the readers – but usually this just means they get turned-on looking at your pictures. Actually inspiring one to put pen to paper and write some poetry is fantastic!"

Well that's all fine and dandy, but you know what they say – a picture tells a thousand words, and we reckon our readers would far rather look at some pictures of you than read all the poetry in the world!

Time to stick on your brace-face as JAMES SAINT rears up to fire his friction-summoned ocular-accepted data download directly into your physiognomy. It's another techie word-wank...

Gadgets – where would we be without them? They're like the water that revives our willing to live, the food that feeds our desire to learn more, the women that pleasure us, but without all the whining that goes with it, the colossal cost and the inevitable, eventual homicidal rage you spiral down into, that's what gadgets are. Whether they're assisting you in single-handedly sourcing scud, make filthy phone calls while in the car or share your exotic spoken-word library with the whole of your purpose-defeating audiobook club (for three examples), gadgets make both life and, by misuse-extension, your sex-life infinitely richer and more varied than even that of Russell Brand on a back-of-Tesco's checkout staff hand-jobathon.

And this issue's issue of tech-ejaculate covers all those aforementioned bases and more, helping you achieve horn in any number of otherwise sexless scenarios in the way only technology can. So, without further delay from me, why don't you just dive head-on in and arm yourself with some essential life accessories? Seriously, go. Go on, fuck off; I've nothing more to say here. Is there something wrong with you? Fine, be that way, you can hang around here as long as you like but you'll get nothing more from me. Unbelievable.

Editor's PICK

As I write this the UK summer has once more suffered a cataclysmic breakdown and reverted to 50 shades of fucking grey, so whilst the idea of an outdoor speaker for alfresco fun doesn't seem completely relevant at the moment, hopefully by the time this is published the shit storm will have abated and we'll all have been let back outside. And if that is indeed the case, you'll need this: the Hercules WAE Outdoor speaker!

> "The Twist offers you up to 14 hours of A2DP enhanced audio playback…"

It's a recently made-up fact that prior to Chubby Checker's hit song/dance combo humans had no way to articulate about their waists. It was a desperate time of full turning circles and the inability to bend, but fortunately those days are now long gone and people today can partially turn to see what's behind them and enjoy doggy style sex or full-on anal without any further awkwardness. Dancing also became quite popular with a certain demographic and so to capitalise on this Hercules (not the Roman demigod, btw) has given us this means to gyrate wildly in the garden.

Hooking up via Bluetooth to your smartphone-stored sounds, the Twist offers you up to 14 hours of A2DP enhanced audio playback from its built-in battery, belting out your tunes in neighbour-annoying style at 2x2W, despite having the diminutive dimensions of a vacuum-packed dwarf. Pairing up couldn't be simpler and on top of the ear-openingly impressive audio comes a microphone that even lets you use it as a hands-free. So, should the sun return, be prepared and get ready to Twist again, like we did last summer… or some other similar hackneyed ending.

Kingston Technology HyperX Siberia v2 £150

Reckon you got game? As they probably still say over in the US of America? Well, if you are one of those who favours sitting in a dark room on their own while indulging in online battles against 12 year olds in Salt Lake City, then Kingston Technology has recently released the thing for you: HyperX SteelSeries Siberia v2 gaming headphones.

A limited-edition over-ear noise-eker that promises optimum performance and uncompromised quality, the cans feature sizeable 50mm drivers that allow gamers to experience rich and dramatic soundscapes, from immersive, atmospheric background music in your more civilised online enterprises to painfully precise 3D positional sounds of footsteps, gunfire and blood-curdling screams in savage, gore-drenched shoot 'em ups.

From the aural to the oral, the Siberia v2 also features a sensitive unidirectional microphone that will allow you to direct orders to your team and spew the foulest abuse and threats at your enemies in crystal clarity.

Of course you really should have a stab at actual human contact, unless of course having a stab has resulted in your solitude, but if that's not likely, this is the next best thing.

Smartphone Security Sensor £45

Hey you, do you know where your shit is? No, well I'm here to inform you that this world is thick with thieves, ne'er-do-wells and kleptomaniac cunts who are just itching for you to turn your back for one second before giving it toes with your things. Which is why you need a Smartphone Security Sensor – just sync it up with your smartphone of choice via Bluetooth 4.0 and if someone steals off with said smartphone the Sensor will start buzzing away in your pocket, warning you before the pocket picker gets too far to reach out and grab. Or, if you're weak of mind and in the habit of leaving your phone behind, the Sensor will ensure you don't wander much before your vibrating pal slaps you in the brain.

Also, working the other way around, clip the Sensor to something important, such as luggage, laptop bags and, erm, small children and should they end up free-roaming without you either under their own steam or led astray by a pilferer or 70s Radio/TV celebrity, the associated app will send your smartphone into epileptic overdrive the moment they're mere metres away, allowing you to apprehend abductor and exact terrible and savage revenge.

Disgo 9200 £180

Still chained to your desk working with a mahoosive box and separate display set-up to do all your important-person computerising? Well, welcome to the 21st century, son: the century that oozes tech-sex appeal in the shape of the tablet. Yep, forget keyboards and all that clutter, for the majority of people all they need is a means to move around the interweb, sending emails, checking Wikifacts and, of course, looking at porn. Which is what makes the 9200 from Disgo ideal – a quad core processor powered (1.0GHz) porn-bringer that's a nicely sized 9.7-inches in size, comes with a capacitive IPS touch-screen display, Android 4.1 Jelly Bean OS, an Octo Core Power graphics processor, 2GB of DDR3 RAM, 16GB of built-in storage that's upgradeable to a massive 80GB via microSD card, Bluetooth 4.0, a G-sensor, 0.3-megapixel front and 2.0-megapixel rear cameras, stereo speakers, Wi-Fi 802.11b/g/n, and all at a price that's so staggeringly low you can only conclude that it has been built by some severely underpaid kids in China.

Housed in a slick aluminium and glass chassis to finish the whole shebang off, this really is an absolute bargain of Android-driven access to a one-handed world of online wank-fodder.

Jabra FREEWAY £80

For me driving is a pleasure that should be conducted free from distracting conversation and soundtracked to some very loud AC/DC, making it impossible to even hear the pleas to slow down from the terrified female hitch-hiker in the passenger seat next to you as she clings to your cock like her life depends on it; which it might. However, I am aware that some people can't even stop jabbering on for even just a few minutes and believe that an essential part of the operation of an automobile is to keep flapping their lips about. For them Jabra has created the FREEWAY – an all uppercase, shouty box that links over Bluetooth and lets you make and take calls in your car utilising its unique three-speaker stereo system to converse in – wait for it – Virtual Surround Sound! Should you want.

Dual microphones also help to cut out ambient sound, leaving you with in-car calls with an audio quality that's crisper than a deep fried Scotsman and, of course, it's completely hands-free to stop Mr Policeman from hassling you, putting points on your licence, taking money from your account, freeing your hitchhiking friend or, possibly, forcing you to perform a sex act to avoid it all.

Buffalo MiniStation from £60

Are you one of those computer-users that has an absolute arse-full of images and movies stored up clogging your PC like fat in a modern 12-year-old's arteries? Well, have you ever considered easing the storage burden by simple sticking it all in an external hard drive? You haven't? Wow, I would have thought that was pretty 'day on' there, but never mind.

In that case, let me suggest the new MiniStation from that beast you most identify with data-storage, Buffalo. Available in 500GB, 1TB and (gasp!) 2TB formats, this small and slim info solution hooks up to your computer via super-fast USB 3.0 to shift all that lovely crispy data faster than a Usain Bolt in an oil-slick, shuttling 1000 digital snaps in just nine seconds.

A simple plug-and-play setup means even the most hapless of Luddites can get it up and running in no time, and drag-and-drop helps even the absolute ham-fisted move their information without too much fear of fucking it right up.

ANNA

Age: 28 **Vital Stats:** 32B–24–34 5’4”
Photographer: Paul Chaplin

Dear Readers,

I've had the privilege to photograph plenty of amazing girls in the last few years, and they all bring something uniquely of themselves to the sets. A lot of girls I've shot have had wonderfully big boobs, but having worked with the delicious Anna Lovato on a few occasions, I think I can honestly say that smaller boobed girls can be just as sexy - and sexual – as their larger chested colleagues! Anna here has the capacity to make every guy in the room go into a little reverie of their own as she showed off her firm body for the camera, and I trust she'll have the same effect on you…

PAUL CHAPLIN

the bed with dustsheets and set about brightening the place up.

I'm not shy to a bit of hard graft and actually enjoyed painting the room. The same couldn't be said about Kathy. She was constantly moaning how difficult and boring it was. I told her the harder we worked, the quicker it would get done but she was intent on distracting me.

Kathy was wearing nothing but one of my old shirts and a pair of knickers so her slender tanned legs were well on display but I was fully focussed on the job at hand. At least I was until she took advantage of me balancing on a stepladder as I was applying a coat of paint to the ceiling.

"What the fuck are you doing?" I snapped, slightly panicking as she got hold of the waistband of my trousers as I was perched halfway up the steps.

"I'm bored, honey," she whined. "Can't we stop for some fun?"

I didn't want to stop now but was put in a compromising position as Kathy rubbed my crotch. Sensing my hardness, she pulled down my trousers to reveal my growing cock.

"That's more like it," she remarked as my cock rose to full length before her. I was still stood awkwardly on the stepladder but my groin was at just the right level for Kathy to take me in her mouth.

I gasped loudly as my girlfriend clamped her mouth around my cock. She's always been great at giving head. Back and forth she bobbed, coating my length with a fine sheen of her saliva. Every so often she would suck me right down to my hilt, a real mouthful for her but she evidently loves doing it.

Now that I was in the mood I was desperate to fuck her, I told her to lay on the bed, not bothering to move the dustsheets, while I climbed down the ladder and stripped out of all my clothes. Then I joined Kathy on the bed, pulling her shirt apart in one eager move with buttons flying off in all directions.

Her wetness was already seeping through her knickers and I went down to taste it before peeling the undergarment off so that I could tuck in on her hot juicy mound with no obstructions.

Kathy's pussy always tastes so good – clean yet containing a spicy tang that gets me every time. Knowing how and where she liked a good tonguing it wasn't long before I brought her to orgasm. Her whole body wriggled and her inner thighs gripped tight to the side of my head as I pushed my tongue quickly and deeply into her sodden folds.

When her climax passed she begged me to stick my cock inside her, so that's exactly what I did. I pushed my knob against her slit and in one simple thrust I was deep inside her. I started off with slow pulsing strokes before Kathy demanded I fuck her harder and deeper.

She was loving it but I wanted her to ride me so I withdrew my cock, turned on to my back and let Kathy straddle me. She was squatted over me and pushing herself up and down on my length, occasionally rising high enough so that my cock and her pussy would part company. But only for a brief moment before she descended back on to my stiff pole.

Kathy could tell when I started getting near to coming. I was sporadically thrusting up her, jerking my body to get the rhythm just right. She upped the tempo and before I knew it I was in orgasmic ecstasy, spewing a thick stream of my juice deep inside her hole. Kathy kept rocking on my softening prick until she triggered another climax for herself then she slumped into my arms, fully spent.

As I lay on my back staring up at the ceiling I realised it would probably need another coat of paint, but not until after Kathy had another good seeing to.

Ben, Lowestoft.

"HER INNER THIGHS GRIPPED THE SIDE OF MY HEAD AS I PUSHED MY TONGUE INTO HER FOLDS."

MODEL CITIZEN

Dear *Mayfair*,
Much as I loved seeing the pictures of the ever-stunning Roxanna in your last issue (hats off to photographer HR/EXP for that – Holly Randall, I presume?), I couldn't help wondering if she doesn't fall foul of your 'British Girls' coverline. Surely she's European, isn't she?

Nigel, Peterborough.

Well Nigel, we've got a copy of her passport right in front of us here, and it's a British one alright! She was born on the mainland, but she's been living here for ages now and in the eyes of the law (and, more importantly, me!) she's a British subject. There's something to think about next time the subject of immigration comes up! – The Ed.

SHE FITS THE BILL!

Dear *Mayfair*,
Just a quick email to say how pleased I was to see Billie back in *Mayfair* after such a long absence! I guess she only models occasionally, but every appearance of those fabulous boobs of her is a red letter day I my book, so many thanks for giving them another airing!

Justin, Kingston.

STEPH

Age: 22 **Vital Stats:** 32E-25-35 5'6"
Photographer: BB Media

Steph Kight more or less lived up to her name last time she was in – we couldn't help thinking about her all evening and ended up having a very stiff night indeed! Still, thanks to some careful massaging the swelling's more or less gone down now and we figured we were in a fit state to ask her back for a second helping…

This time, to stop anyone getting too hot under the collar, we thought a dip in the pool might be on the cards, but once she'd slipped out of her gown and revealed that fabulous bikini'd body of hers all out planning went right out of the window! Luckily for us we were fully clothed – if we'd been standing around in Speedos (as we often do in the *Mayfair* office) goodness only knows what would have happened. Anyway, we trust she'll have the same effect on you as she did on us!

GENTLEMEN, That Reminds Me

Well this is the best we could muster, but if you think you can do any better, email us your efforts at: mayfair@paulraymond.com or send them to: Mayfair, 23 Lyon Road, Hersham, Surrey, KT12 3PU.

One day, at a buffet, a man suddenly calls out: "Oh my God! My son's choking! He's swallowed a 10 pence piece! Help! Please! Someone! Help!''

A man rises from a nearby table and announces that everyone should remain calm because he has many years' experience at dealing with this sort of thing. He steps over with almost no look of concern at all, grips the boy's testicles through the kid's trousers and squeezes like a maniac. Hey presto! Out from the kid's mouth pops the 10p!

The man then returns to his table as though absolutely nothing has happened.

''Thank you! Thank you!'' exclaims the father, rushing over and pumping the good Samaritan's hand. ''Are you a paramedic?''

''No," the man responds coldly. ''An inspector for the Inland Revenue."

A little boy is doing his geography homework one evening. He turns to his father, who's watching the television, and asks, "Daddy, where would I find the Pyrenees?"

"Don't ask me," grunts his father. "Ask your mother. She puts everything away in this house."

In the defence's closing statement the defendant's barrister, knowing that his client will almost certainly be convicted decides to make a point to the jury by pulling a sneaky trick.

"Ladies and gentlemen of the jury," says the barrister, glancing at his watch, "within one minute, the person presumed dead in this case will walk into this very courtroom!" With this he turns his face dramatically towards the courtroom door. The jurors, somewhat stunned, eagerly follow his gaze. A minute passes but of course nothing happens. The doors don't open and no-one walks in.

Finally, the defence barrister looks back round and confesses to the jury: "Actually, I invented that story. And yet you all looked on with anticipation! I therefore put it to you that there is reasonable doubt in this case as to whether anyone was really killed at all and insist you return a Not Guilty verdict."

With that, the jury retires to deliberate. But not for long. After only a few minutes, they return a verdict of Guilty.

"But why?" the defence barrister cries at the jury. "You must have had some doubt! I saw every single one of you stare at the courtroom doors."

"That's true," the jury foreman replies. "We all looked… but your client didn't."

A man and his wife are talking seriously one night about the husband's living will.

"Just so you know for future reference," he tells her, relaxing on the settee, "I couldn't bear to linger in a vegetative state, dependent on some machine and fluids from a bottle. So if that ever happens, please darling, just pull the plug."

At which juncture his wife immediately springs up, disconnects the television at the wall and empties all the beers in the fridge down the sink.

Trailer park trash personality Bubba gets insanely drunk and perishes in an explosion in his trailer when he falls asleep puffing a fag next to the Calor gas canister. His body is so horrifically incinerated that the morgue needs someone who knew him to positively identify the stiff, so the cops call in his two closest friends, Jim-Bob and Billy-Joe, to try to ID the smouldering remains.

Jim-Bob shambles in and the mortician pulls back the sheet.

"Oo-lee!" says Jim-Bob. "Well, shitfire, this feller has been crisped bad for certain. Roll 'im over." So the mortician rolls the burnt corpse over onto its front, and Jim-Bob examines the dead man's butt. "Nope," he says, "I'm relieved to tell you: this ain't Bubba. No sir." The mortician doesn't say anything, but thinks it all a trifle strange.

Then, Billy-Joe arrives to try to identify the corpse. He looks beneath the sheet and mutters: "Doggone. This guy's sure been baked unrecognisable. Tell you what, best turn him on his belly." The mortician dutifully rolls the sorry carcass over, and Billy-Joe examines the stiff's rump. Finally he announces, "Nuh-uh, No way. For sure this ain't Bubba."

The mortician demands: "How can you tell by just looking at his rear end?"

Billy-Joe said, "Well, see, Bubba had an extra asshole."

"What? Two?! Impossible!" cries the mortician.

"Yep," says Billy-Joe. "Why, all the folks in these parts knowed he'd more'n one, on account of every time the three of us went to town, everyone would say, 'Here comes Bubba with the two assholes'."

A bloke is standing in a bar when he hears a voice coming from the peanut bowl.

"I really like your tie," it says. "You're smashing, you are. You're really lovely."

Surprised, the man picks up his drink, and walks to his table.

Passing the cigarette machine on the way he hears another voice, seemingly from deep inside the mechanism. "You and your wife are ugly, fat and stupid," the voice says.

The man is baffled and asks the barman what is going on.

"I'm so sorry," says the barman. "The peanuts are complimentary but the cigarette machine is out of order."

A lawyer, an economist, and a teacher go to the bathroom for a wee. The lawyer finishes first, scrubs his hands, and then proceeds to use almost the entire roll of paper towels to dry them, commenting "I was raised to be thorough."

The economist zips up, washes his hands, but uses only one paper towel, remarking: "I was taught to be environmentally friendly."

The teacher finishes and makes for the door without washing his hands. When the other two scowl at him disapprovingly, he remarks blithely: "I was brought up not to piss on my hands."

A CLASS OF ITS OWN!

When you're forking out over £64k on a motor, you expect it to be something special. Well this one is!

Much of the technology you find in your average supermini or family hatchback these days probably made its debut in the Mercedes S-Class. We all take things like air-con, airbags, sat-nav, parking sensors and multifunction steering wheels for granted now, but you can bet they caused a fuss when first seen on the luxury saloon. And that's great news for the small cars we'll all be buying in the next 10 or 15 years – as the all-new S-Class is packed with even more cutting-edge technology.

Mercedes calls this the best car in the world, and few people would argue. But it's certainly not the best looking – not surprisingly, the brand has favoured evolution over revolution with the styling for this conservative market. The new S-Class still looks modern, though, following other new Mercedes with its more upright grille and sportier, more striking profile.

Where it stands apart from other Mercs, and indeed any other new car, is with its lights: not a single bulb is to be seen. And the revolutionary full-LED set-up – with 56 LEDs in the headlamps and 36 in the tail-lights, plus 300 more inside – provides the S-Class with a bold and upmarket look. Even more so when you learn about the LEDs' functionality. For example, at night or when you're sitting at traffic lights, the brake lights aren't as intense, so as not to dazzle drivers behind you. Clever stuff, eh?

The S-Class is slightly bigger than before in every direction, and this pays dividends inside. Drivers have more head, shoulder and elbow room, but more importantly, passengers in the rear – the people paying the bills in most S-Classes – have 14mm more legroom and 9mm more shoulder room. There's a choice of a conventional three-seat bench or a layout with two individual seats in the back, with the latter offering fully adjustable, reclining chairs and fold-out tables. Whichever you go for, there are also entertainment screens in the rear.

> "WHEREVER YOU'RE SITTING, YOU'RE GUARANTEED TO BE SURROUNDED BY FIRST-CLASS LUXURY."

Interestingly, the focus in the development of the new car was on the long-wheelbase model – which launches alongside the regular S-Class and provides even more rear space – as Mercedes chases booming sales among China's long-legged chauffeur-driven nouveau riche.

But wherever you're sitting, you're guaranteed to be surrounded by first-class luxury, with hot stone massage functions in the seats, heated armrests and even a heating and cooling function on the cup-holders. The standard 10-speaker sound system – with subwoofers hidden in the body structure, rather than the doors – can be controlled from every seat. And if it's not loud enough, high-end optional Burmester packages can be added for a (high) price. So your ears are well looked after, and so are your nostrils, as a fragrance system pumps pleasant scents through the air-conditioning. Mercedes really has thought of everything.

This attention to detail extends to the driving experience, which promises to be as smooth and serene as you'd expect. Even the most potent S-Class has always been set

up for comfort, but the new car will take this to new extremes with the Magic Body Control function, which is optional on eight-cylinder models. This relies on cameras on the front of the S-Class to scan the road surface ahead, and sets up the advanced air-suspension to deal with any changes in surface or potholes. It's as if the car has eyes – and these eyes can also take control through jams, following vehicles ahead and allowing the driver to read the paper until the traffic clears.

Plus, the sophisticated lane assist not only warns you when you veer out of your lane, but reacts even faster to steer you back into line if it senses another vehicle in that lane. And the radar-based autobrake system not only applies the anchors when a car stops suddenly ahead; it also spots pedestrians and crossing traffic. Thermal imaging cameras even highlight pedestrians or animals on unlit roads after dark.

So an S-Class that drives itself is clearly only a few years away – but that won't mean this car isn't fun from behind the wheel. From launch there's a choice of a 258bhp 3.0-litre V6 S350 BlueTEC diesel, a 3.0-litre V6 petrol-electric S400 Hybrid with 306bhp and a high-performance 4.7-litre V8-engined S500 with a massive 455bhp. These are all available with standard or long wheelbases, and will be joined next year by an S300 BlueTEC diesel hybrid, which promises to set new green standards for a luxury car, returning 64.2mpg fuel economy and emitting just 115g/km of CO2. A potent V8-engined S63 AMG will push the performance envelope next year, too.

Performance obviously varies wildly depending on which S-Class you go for, but all models will deliver fast, smooth progress. And extensive use of aluminium in the structure and bodyshell should ensure impressive rigidity, so the handling will belie the car's size. Plus, Mercedes says it's managed to engineer a decent amount of feel into the electromechanical steering – so despite the raft of hi-tech electronics, the new car should still be involving and entertaining to drive.

It has to be, because Mercedes set out to deliver "the best or nothing" in every respect with the new S-Class. Chauffeurs up and down the land will be praying their boss is planning to upgrade.

"AN S-CLASS THAT DRIVES ITSELF IS CLEARLY ONLY A FEW YEARS AWAY, BUT THAT DOESN'T MEAN THIS CAR ISN'T FUN FROM BEHIND THE WHEEL..."

Now don't get us wrong, it's always a thrill and a privilege to attend a shoot when there's a stunning young lady taking her clothes off, but when it's a newcomer on the scene and she's doing her first ever shoot for you – well, then there's something sensational about it – especially if the girl is anywhere near as sexy as Midlands babe Ava here!

Still, our concerns that she might be a bit on the shy side proved to be totally unfounded, because since she first took the adult plunge she's really thrown herself into it with gusto – she's even appeared in a naughty film or two, and she thought nothing of peeling off her togs and playing with herself in front of us. So at least one person in the room was cool, calm and collected about the whole thing!

JODIE

Age: 21 **Vital Stats:** 33E-24-32 5’3”
Photographer: APD Nudes

If there's one thing the Ed like more than a set with a bar in it, it's a set of a brand new beautifully-boobed British babe with a bar in it… a set very much like this one, in fact!

Jodie Piper here hails from Up North in Yorkshire (what is it about Yorkshire lasses and boobs? They all seem to have a cracking set, don't they? Could it have been something to do with the Vikings…?) and is just making a start with this modelling lark, to keep herself out of too much mischief as she finishes her degree. So how's she finding it so far?

"Well, let's put it this way – everybody's been very friendly to me!"

We bet they bloody well have!

We'd be the first to admit that when it comes to certain things then it's very much a case of horses for courses, but as we were watching this shoot taking place we couldn't help thinking that, of all the pussies we've seen in this business, Megan Coxxx's looked the most inviting, and after that, every time we closed our eyes all we could imagine was the sight of our stiff prick sliding between its pink folds. So is the 23 year old Derby stunner aware that she's got such an alluring snnizz?

"Well, a few guys have told me it's the nicest one they've ever seen, so I guess it's got to have something going for it! Personally I think it's alright. Sometimes I like to sit in front of a mirror and play with it, you know…"

Do you know what – if we were you, we'd probably so the same!

QUEST…

Make the most of it, folks – it might not look like it out of the window, but summer's here! And if you need it, here's some inspiration…

Name: ELAINE
Age: 37
From: GUILDFORD

My husband, Colin, and I have a wonderful marriage, except, well, the sex is just so boring! I wouldn't dare tell him for fear of upsetting him, but I must confess that my mind wanders all over the place when he makes love to me – I can't help it. He's such a lovely man, and I do still find him attractive, but he's always been so unimaginative and safe when it comes to the bedroom. I can't remember the last time he brought me to orgasm – if he ever has – so afterwards, I generally go to clean myself up and then finish myself off in the bathroom. Despite our dwindling sex life, we are happy with each other, and neither of us would dream of having an affair. That is, until a particularly hot weekend last month, when I got an offer I couldn't refuse…

Colin hadn't had time to mow the lawn for ages and it was looking pretty unruly – especially compared to the neighbours' gardens. One evening, I suggested getting a gardener in to tidy the outside up a bit. It was Colin who said he knew of someone good, so leave it to him and he'd sort it out. A few days later, he announced that the gardener, Liam, would be here at around 11am on Friday to cut the grass, weed the flowerbeds and tidy up. Fine by me!

Friday came, and just before 11:00, I put the kettle on and some biscuits on a plate. I was expecting an older guy, and, in my experience, they generally like to have a cuppa and a chat before starting! So, I was surprised when I answered the door to find a blonde, 20-something hottie, with the bluest eyes I think I'd ever seen! I was surprised to hear myself stutter when inviting him into the kitchen, and admonished myself for acting like a silly teenager; I was married, and plus there was no way he'd even look at 37-year-old when he'd probably has 18-year-olds queuing up for him!

I made him a cup of coffee and as we wandered outside into the sunshine he made small talk, telling me about his family, friends and work. I nodded along, only half-listening – still trying to get a grip on myself – until he said, "And of course, I don't have a girlfriend."

Surprised, I asked, as casually as I could, "Oh? Why's that then?" Liam looked down and mumbled, "I don't like girls my own age; they're all so immature. I like an older, more quietly confident lady…" Blushing, he looked pointedly at me, so obviously that there was no way I couldn't get his drift. Now it was my turn to blush! As the warm sun beat down, I suddenly felt excited butterflies in my stomach and that amazing tingly feeling of anticipation in my crotch that I hadn't felt for years! Dare I?

I paused for a moment and decided I should just put it down to him trying his luck, as he probably did with all his female clients, and carry on like it hadn't happened. I cleared my throat, breaking the silence, "OK then, shall I show you what needs to be done?" I didn't wait for an answer; I started pointing at flowers and shrubs, giving him instructions for everything. I could feel his eyes boring into my head and as I turned to look at him, our eyes met and I felt such a spark I could barely breathe! I didn't pull away when he kissed me; I simply melted in his embrace. As he pushed his denim-clad hard-on into me, the tingling in my crotch spread and I felt the warm moistness in my pussy grow, and as he pushed his tongue into my mouth, exploring mine, his hands cupped my breasts through my thin, summer top. I was so turned on, it was nearly too much! I kissed him back passionately, my hands feeling down his back and to his firm bum cheeks, pulling him further against me, almost urgently now.

Ignoring our surroundings (and any nosy neighbours), Liam pulled up my top and nibbled one of my stiff nipples as I frantically pulled open his muddy work jeans and groped for his already rock-hard prick. Grabbing it with both hands, I enthusiastically wanked his length, varying the speed and the pressure constantly, and relishing the moans and groans that were coming from him. He was obviously enjoying it and that was so good to see for a change!

> "I WILLINGLY SUCKED IT UP INTO MY MOUTH WITHOUT USING MY HANDS…"

I dropped to my knees on the long grass and motioned for him to come close. He pulled his jeans down to his muscular thighs, and offered me his dick to lick. I willingly sucked it up into my mouth without using my hands, and proceeded to nosh away at his meaty member for all I was worth. Gobbling it to the back of my throat until I gagged seemed to make Liam go wild, and he leant over me and slipped his hand down the back of my jeans so he could grope my bare arse. I kept sucking him; taking every inch into my mouth before reversing the motion and releasing him totally, then doing it all over again. At one point, I thought I felt his balls tighten like he was going to come, but he didn't. Instead, he pulled away and told me to stand up.

Taking control, he pulled my jeans down and off my sandaled feet before lifting me onto the filthy, but very wide bedroom windowsill, spreading my thighs and positioning his thick prick against my pussy hole. He seemed unsure as to whether to go ahead and penetrate me, so I grabbed his butt cheeks once again and pulled his crotch towards me hard – his gorgeous cock had nowhere else to go but right inside my juicy fanny. I let out a loud sigh as he filled me right up, instantly satisfying me more than my husband ever did. As Liam banged his dick in faster and harder, the roughness of the wood against my bare arse and the spiders' webs brushing my face turned me on so much I wanted to scream! Instead, I just held on tight to his back as he fucked me like a whore, grasping my tits and grunting loudly – and I loved every second, and millimetre.

Suddenly, Liam grabbed a fistful of my hair and pulled it hard, as, with a final thrust, he skewered me to the windowsill and jetted his hot seed inside me. I wrapped my legs tightly around his waist in order to feel the full force of his spurting come and felt myself climaxed over his dick, my fanny muscles clenching and milking the last of cream out of his prick.

After catching our breath and straightening our clothes, Liam made a comment about getting the gardening done, so I told him I'd leave him to it, adding, "If there's anything else you want, I'll be in the kitchen." I left him grinning to himself as he started the lawnmower up.

By the time Colin got home, the garden looked fantastic and, unsurprisingly, I was in the best of moods! Colin has booked Liam in again for next week, weather depending. I'm kind of hoping he'll pop round, raining or not!

……

Like most girls I adore the summer. It's my favourite time of the year as I can go out in shorts and skimpy summer dresses and get show off some skin. I am a bit of an exhibitionist so the warm weather allows me to flaunt what I've got, and what I've got is a lush body, DD tits and long shapely legs. My boyfriend Josh likes to show me off too and when it comes to outfits it is just as well he has a very healthy bank balance as I can be pretty high maintenance.

Josh has a lovely little getaway house down by the river. It's a fairly flash pad, built in its own grounds with a small jetty where he ties up his speedboat. In the summer we like to sit outside in the sunshine sipping champagne and watching the boats go by on the river. It's there, far from friends and family, that Josh and I have the best fun.

"STARTING AT MY TITS HE LICKED, KISSED AND NIBBLED HIS WAY DOWN MY BODY, WORKING HIS NOSE AND TONGUE BETWEEN MY THIGHS..."

Earlier this summer we had a session down on the riverbank that I'll never forget. We had arrived at the house the night before and decided to have a lie in, but as the sun grew hotter I wanted to take a dip in the river. After a quick breakfast we took a couple of bottles of wine and some strawberries and walked down to the river.

In spite of the bugs and the rough sandy bottom I like to swim in the river by the house as I get to show off to the passing craft. However, we were feeling randy that morning so we set up in the shade of a willow and threw down our travel rug and towels. Before long we were almost naked and I had Josh's thick member between my lips and was sucking on it like an ice lolly.

Age: 19
From: HALIFAX

Taking his cock right to the back of my throat without gagging is a skill I have practiced for the past few years as I know Josh loves it, and I enjoy the power this gives me over him. In fact having sexual power over Josh is my biggest turn-on and I exploit it to the fullest. With his cock buried in my mouth I tipped my head back to allow him to go even deeper while I gently massaged his ball-sac.

Josh moaned appreciatively and would have shot his load right then, but I pulled him back to reality by pinching him lightly on the buttock and reminding him that I required seeing to as well.

He pulled out of my mouth, taking me in his arms and kissing me before beginning the business of satisfying me. Starting at my tits he licked, kissed and nibbled his way down my body, working his nose and tongue between my thighs while rolling my nipples between his thumbs and forefingers. My body was aflame with delicious sensations and before long my thighs were wide apart as I moved my head from side to side, begging him to fuck me there and then.

Josh kept at it. His tongue was deep between my labia and now his fingers moved to my clit. He gently circled it with his fingertip, making my pussy spasm as I began to come. My nails raked his back as he nipped my clit, sending me into a powerful orgasms my pussy juices

"I WRIGGLED ON HIS COCK, MOVING MY HIPS FROM SIDE TO SIDE SO STIMULATE HIS HARD-ON."

flowing freely.

We were now both hot and sweaty and though I was still desperate to be fucked, Josh picked me up and waded into the river with me cradled in his arms. At first the chill of the water, which came up past my elbows , cooled my ardour, but with Josh's tongue deep inside my mouth I was soon wrapping my thighs around his waist and crossing my ankles around his hips. His cock slid smoothly inside me as my arms gripped his neck, the water making me almost weightless as he held me tight. I wriggled on his cock, moving my hips from side to side to stimulate his hard-on, but there really was no need: Josh was ready to go full steam ahead.

He jammed his cock further inside me, thrusting harder until he lost his footing! As we went down in the water nothing seemed to matter except of the tremendous feeling of stimulation I felt from his thick erect cock inside me. The ducking seemed to make us even more frantic when we surfaced.

My pussy contracted with his every thrust and I felt even more aroused than earlier as I began to come, my back arching as I clung tightly to Josh's neck, biting his shoulder in my frenzied need. Josh held me tightly, then, pulling his cock almost out of my pussy he plunged it back into me suddenly and with such force that he almost lost his footing again. I could feel his warm load exploding inside me as he came, and my pussy throbbed with arousal, contracting so tightly that I let out a scream of excitement as I came with wild abandon.

As we came together we sank into the river, our bodies entwined in a frantic rush creating such turbulence in the water that we created a little waves which struck the river bank. We splashed our way out and flopped down on the rug, taking up our towels and wrapping then around ourselves. The proximity of our wet slippery bodies seemed to make us all randy again and this time I decided to give him a special treat.

Taking his flaccid shaft between my lips, I licked, sucked and teased his cock until I felt him harden under my touch then began wanking it in my fist until it was fully erect. Taking it once more between my lips I sucked hard, working my magic on him until I felt he was ready to explode. Then I allowed him to jet off in my mouth.

I'm not normally one to lounge around in the sun but when there are two gorgeous hunks running around with their tops off, I'm prepared to make an exception. The weather forecast had been good for once and my friend Samantha had rung me with an offer of sun, sea, sand and… ice cream.

"If you're not offering sex, I'm not going," I joked.

"Well, you never know your luck," she said mysteriously. "Make sure you wear something sexy. We'll be round in 15 minutes."

"We?" I asked.

"We," she confirmed, and I could hear the excited sparkle in her voice.

What to wear and for who? A bikini with something over it seemed like a sensible option - that way I could be as sexy as I needed to be. The problem was that I didn't even know where my bikini was. I still hadn't found it by the time Samantha's car pulled up outside. I peeked out of the window in time to see Sam skip round the car and two guys get out and look around my street. My eyes went wide as my gaze moved from Alistair – Sam's on/off bloke – to the lush hunk of muscle he'd casually tossed a rugby ball to – James. I'd met James a few times over the previous months and there had definitely been a spark between us but he'd had a girlfriend and had been strictly off limits – yet Sam had brought him on what looked suspiciously like a double date and told me to wear something sexy. Did that mean James was available?

Name: JESS
Age: 22
From: DORSET

I needed to change. Even as the doorbell rang, I was pulling down my beach shorts and replacing them a floaty little white skirt, which was much sexier. In fact I felt practically naked as I stepped out onto the street in my beach attire but it was worth any embarrassment to see the effect it had on James. His mouth dropped open as he looked me up and down.

"Come-on, doofus," Alistair teased, tapping him on the head with the ball as he jogged past him. I looked into James' eyes and saw that heat and interest lurking once again. My stomach churned as I turned my back on him and walked to the car with an exaggerated hip-swinging strut. Hoping to cement James' gaze onto my bum, I stretched deep into the boot of Sam's car to deposit my bags and sure enough when I glanced back, James was transfixed.

"Front or back?" I asked Sam.

"Both, please," Alistair joked, giving me a

very suggestive wink. He'd seen up my skirt as well.

“That just earned the two of you a ride in the back,” Sam said sternly.

“Suits me,” Alistair laughed, playfully grabbing Sam's bottom as he squeezed past the up-tilted driver's seat. James might have been out of sight for the journey but he certainly wasn't out of my mind. All sorts of sexy fantasies had formed by the time we spilled out of the car.

“So what's the story with James?” I asked as we unloaded the beach paraphernalia as the guys conveniently hared off down onto the sand with their ball.

“Newly-single James? James who asked if you were coming with us to the seaside with us, James?” I didn't say a word. “He asked if you were single and available.”

“What did you say?”

“I told him to get a move on as girls like you doesn't stay on the market for long.”

“You didn't?”

“No. But I made sure that he knew not to hang around. I think it might happen today. Come-on let's go and get them before they waste all their energy on each other and that blasted ball.” After a stop at the ice cream van, we took a walk along the cliffs and at Sam's suggestion clambered down a path leading into one of the little coves. It was as private as we were going to get and I followed Sam's lead in stripping down to my bikini.

“Oh damn, I've forgotten the sun cream,” Sam said.

“You can have some of mine if you want,” Alistair offered and Sam looked at him with raised eyebrows – Ali wasn't known for being well prepared. His hand dropped to the crotch of his shorts and he cupped himself. Both guys hooted with laughter.

“OK,” Sam said, calling his bluff. “I reckon you might have enough in there for my tits.” The guys' mouths fell open as she pulled the cups of her bikini aside to expose her breasts. As she approached Alistair, I saw an opportunity to do something outrageous with James. He looked bewildered as I removed my top and squeezed my breasts together.

“Can you do mine, James?” I asked, as Samantha dropped to her knees in front of Alistair and pulled his zip. I didn't wait for an answer. I had his cock out and in my mouth before either of us had time to think. The little cove echoed with sexy slurps and groans as Samantha and I sucked cock side-by-side. It wasn't the first time we'd ended-up having sex in the same place but it was the first time we'd done it outside. It felt dangerously exposed with the path being so close but a spit-shiny cock bouncing eagerly in the sun is a difficult thing for a girl to resist.

There was a delighted female sigh and I looked across to see Samantha straddling Alistair's body. Her bikini bottoms were lying in the sand and I paused to watch as my friend fed Alistair's cock deeper into her pussy. I wanted that too and fortunately James was on the same wavelength. As I placed my skirt under my bum, James moved between my legs and tugged off my bikini bottoms. It felt deliciously naughty to be naked in public and the exhibitionist inside me wondered whether someone, somewhere might be able to see me. My body temperature seemed to rise as James lined his erection up with my opening and pushed forward.

“Fuck me,” I begged. “Please fuck me.” James accelerated his rhythm and I pulled him into me with hands and legs, willing him deeper. There was nothing subtle; it was lust at its most basic and he was soon grunting his way towards an orgasm.

“Do it on my tits,” I reminded him. James pulled out and knelt between my legs, stroking his cock in a blur of motion as I rubbed my clit. It was a race to orgasm – which he won, just. Hot spurts shot into the air and landed heavily on my neck, tits and stomach which kick-started my own orgasm. My legs were wide open, so I was fully on display to James, Alistair and Samantha as a massive climax shook through my body.

“You naughty thing,” Sam cooed as she dropped down next to me. “I'm not sure that it'll help with the sun much,” she giggled but that didn't stop her from spreading it across my stomach and then up over both my breasts. “I told you that there was a chance you might get lucky today.”

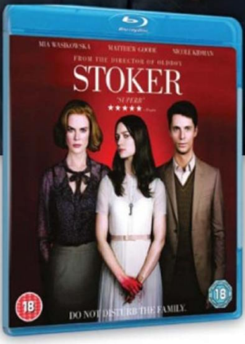
Scene from MAYFAIR

Well, it looks like we've managed to get another thoughtful selection of DVDs together for you this month – outright lunacy, quirky comedy, classic Blaxploitation and, well, a bit of a stinker to round things off.

Editor's PICK

STOKER



Here's an interesting release that somehow managed to scrape under the radar when it hit the big screens earlier in the year – and despite the fact that Producer Tony Scott chucked himself off a bridge once it was in the can, it's an accomplished bit of film making. Perhaps, given the pedigree, that shouldn't be too much of a surprise, with feted Korean Director Park Chan-wook of *Oldboy* fame taking the help and making a thought-provoking psychological thriller that ticks a lot of boxes.

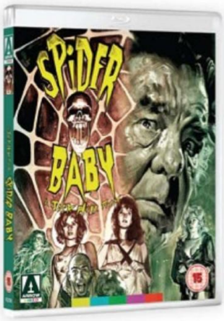
Young India Stoker (Mia Wasikowsla) is busy celebrating her 18th birthday party when things go massively tits up when word reaches her that her Dad has just karked it in a car crash. Well, that's enough to put a downer on anyone's coming of age, but India's got ore on her plate than that – her Mum's the frankly loopy Evelyn (a cracking turn from Nicole Kidman, who's good in just about everything these days).

> For anyone who's admired any of Chan-wook's earlier films there's plenty to like here.
>
> **The Ed**

So, the question soon arises – is everything amiss with Evelyn and good old 'Uncle Charlie' (Matthew Goode), who quickly moves in to help the family?

We wouldn't want to tell you how things pan out for the unfortunate stokers, but for anyone who's admired any of Chan-wook's earlier films, there's plenty to like here. the Visuals are plenty pleasing enough, and the interplay between the main characters keeps things humming along nicely until the denouement. There are, as you'd expect, burst of violence to keep everyone on their seat, but all in all this is a restrained offering that allows the actors the space to breath life into their characters. A head film, in other words, and you can't have too many of them in this day and age, can you?

SPIDER BABY



There are cult films and then, well, there are cult films. To qualify for genuine cult status a film needs to have something uniquely odd about it, and films don't come much more uniquely odd than Director Jack Hill's decidedly loopy 1968 offering *Spider Baby*, aka *The Maddest Story Ever Told*. Quite what possesses someone to make a film like this is something of a mystery, but then perhaps with late night drive-in audiences demanding something out of the ordinary, then something well out of the ordinary is what you have to give them…

The film follows the (mis)fortunes of a trio of deranged siblings who live together under the guardianship of Bruno (played by Lon Chaney Junior, no less!) and, well, the family caper about and commit all sorts of atrocities on each other and on any newcomer who's unlucky enough to cross their path.

This reissue from Arrow films is packed full of all sorts of goodies, including a commentary from Hill himself (he also directed *Foxy Brown* – see over – by the way) as well as knowledgeable discussions about the film, an earlier short feature from Hill and, well, just about everything you could hope for, really! Utterly bonkers from start to finish, but definitely a film that sticks in the mind!

TO THE WONDER

Director Terrence Malick has been tickling the critics up the right way for a while now, with recent films like *The Tree of Life* and *Days of Heaven* getting their juices flowing like few other filmmakers. This time round (again in partnership with director of photography Emmanuel Lubezki) he's made a thoughtful slow-burner in which Ben Affleck (without his *Argo* beard this time round) agonises over which of two women he ought to spend his life with. Given that his choice is between *Quantum of Solace*'s Olga Kurylenko and the equally lovely Rachel McAdams it's hard to feel too sorry for him – but then hey, he is Ben Affleck, after all! Meanwhile the always watchable Javier Bardem plays a priest struggling with his faith. Meditative, beautifully shot and thought-provoking, just don't expect any car chases…

PAM GRIER
Foxy Brown

FOXY BROWN

Remember the sassy role essayed by Pam Grier in Quentin Tarrentino's *Jackie Brown*? Well, as with pretty well every one of QT's movies it was something of a nod (oh, alright, a full on kowtow) to an earlier flick – and here it is, in a long overdue DVD and blu-ray release of one of Blaxploitation's best loved films. Grier plays the title character, a fast-talking undercover agent whose fella gets clipped by a nasty drug baron. Well, that's a bad move, because Foxy's not the sort of girl to take something like that lying down (ahem, unlike the way she takes other things in the film), and sets about plotting her revenge – a revenge that involved a good bit of nudity, kung-fu style fighting and some deep grooves. Classic stuff for 70's film buffs!

PORTLANDIA

Sketch based comedies drift in and out of fashion – remember when it seemed like the entire country was creaming itself over *The Fast Show*? Then all of a sudden *The Office* came along and it all seemed a bit old hat. Well, in this country sketch shows are still languishing a bit, but in America the form seems to be back with a bang – at least if *Portlandia* is anything to go by. With practically every sketch starring Fred Armisen (who's oddly funny even before he opens his mouth) and Carrie Brownstein, it continually manages to skewer the PC mores of modern day Portland, with all sorts of New Age-ry coming in for it. Two seasons here, and there crammed full of laughs!

MOVIE 43

Well, we've seen all star casts in the past, but it's been a godly while since we saw a talent list that stretches quite as long as this one does; Halle Berry, Gerard Butler, Hugh Jackman, Kate Winslet, Naomi Watts, Uma Thurman – Christ, it's even got Richard Gere in it! So is this the biggest blockbuster Hollywood's ever seen? Er, no, it isn't. What it is is a load of sketches in which above celebs – and plenty more – take the piss out of themselves in a series of gross-out skits. Director Peter Farrelly of *Dumb And Dumber* fame makes his earlier works look like The 7th Seal, such is the lowbrow drivel on offer here. A few good laughs? Yes – but nowhere near enough, to be honest.

Want to know whether it's worth popping along to that shop with the blacked-out window and having a browse this month? Well, a little read of this lot might just give you a clearer idea. Er, the answer's 'Yes!'.

CHANGE OF HEART

Wicked

CAST: Samantha Saint, Bailey Blue, Anikka Albrite, Abigail Mac.

Samantha Saint needs a heart transplant and she needs it fast, so she sizes up one of her best mates, hacks the still-beating organ from her amply-proportioned chest like an Aztec of yore (those modern Aztecs are such pussies) and heads for the hospital with the precious pump in a Styrofoam box filled with ice cubes.

Well, OK, no – actually she doesn't. But if she had done something like that it certainly would have broken new ground in adult entertainment, wouldn't it? Instead it's just sex, sex, sex, with Samantha running around fucking everybody senseless while trying to make up her mind about her fiancé – Logan Pierce – and her future, after she chances upon Brendon Miller, the man who once saved her from an attempted rape (always a good plot device for a tug flick, that one). Now she falls for Brendon's charms… which are, it transpires, lodged in the gusset of his Y-fronts. Another big reveal is that he dresses to the left.

While Samantha's pondering whether or not to chuck Logan, his best mate Xander Corvus rolls his girlfriend Bailey Blue around the place and one thing I noticed is that there seemed to be more to these antics than initially met the eye, because Xander kept putting his penis in her mouth and each time he did so it got harder. I wonder what the pair of them were up to. Either way, a very pleasing on the eye (albeit small) cast makes this flick one that's definitely worth giving a spin!

> It's just sex, sex, sex, with Samantha running around fucking everybody senseless…

PORNO PRANKS

★★★★☆

CAST: Erik Everhard, Jesse Jane, Danny Mountain, Johnny Sins, Riley Steele.

DP DIGITAL PLAYGROUND
RILEY STEELE
PORNO PRANKS
JESSE JANE

Big black boners exploding into smoking tatters like joke shop cigars when someone holds a match to their bell-end - pails of semen placed above part-open doors to bukkake the unwary houseguest – a naked cocksman bending over to fill the bath-tub only to have some cheeky bed-bunny goose him in the hole with a white-hot poker… It's all here: a cavalcade of jolly japes. Well yes. But perhaps not quite so japey as I may have inadvertently led you to believe.

All right, if you think you can handle the truth, I shall just come out with it: the sex is tip-top but the pranks are pretty lame. The lovely Riley Steele tricks "Bill the handyman" into mending a shower panel while she lezzes it up beneath the spray with Chanel and someone films Bill's reaction. Bill being a professional pork-swordsman, I'd be surprised if his astonishment is entirely genuine.

Oh, that Riley! What a caution. She also plays a truly classic prank on the pizza delivery "dude" Danny by pretending to have locked herself outside in the nude by mistake while calling for her kitty; then, when Danny climbs through a window and lets her back into the house she grabs him by the knob and nuts and opens her thighs as wide as a pair of elevator doors.

Boy, I'll bet he feels a right prat.

FUCKING ON THE JOB

Private

CAST: Angel Summers, Kristi Lust, Krisytyna Kristal, Laura Crystal, Stracy Stone.

PRIVATE GOLD
with Laura Crystal
Fucking on the Job
Magik View

It's impossible to get good staff these days, particularly when no-one is hiring. Worse still, there are those fortunate enough to have found employment in these desperate times who nevertheless abuse their employer's trust and have it off in the workplace with anything of a different gender.

Such ingrates, unsurprisingly, are the people Private likes to film. See – there's Laura Crystal vacuuming the restaurant carpet. But who are the two blokes? And what is she doing? This simply won't do! She's only done half the floor and yet she's climbing out of her skimpies and sucking them off. She's taking money from her employer's pocket.

And look! Here, borrow my binoculars. Bless me if that ain't the entrancing Kristine Crystalis. Her shift doesn't end for another three hours but she's face-down in the corridor taking it in the arse and gobbling sperm. It's high time that that one was handed her jotters.

Kristy Lust is supposed to be waitressing. Yet here she is, in the back, involved in some class of nasty congress involving a double anal. She'd best wash her hands before she deigns to go back and serves the diners.

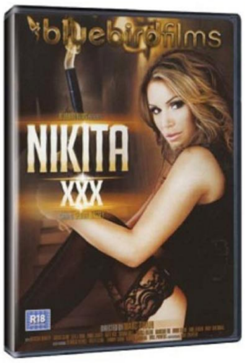
NIKITA XXX

★★★★☆

CAST: Gemma Massey, Natasha Marley, Gracie Glam, Anna Lovato, Diana Doll, Katie Kox, Danica Dillon, Madison Fox etc.



Gemma Massey's certainly been a busy girl of late - quite aside from putting in an appearance as the coverbabe to last month's *Mayfair*, she's also been jetting to the States to take the starring role on this plot-driven porno. Now we've seen plenty of scud flicks over the years that look like they've been made on the cheap – but this sure ain't one of them, and if you don't believe us, just look at the cast list, which as well as gemma boasts the ever lovely Natasha Marley as well as Anna Lovato and several more big namers who we couldn't fit in the listing above (like Andy San Dimas, for starters).

The plot, in case you can't tell from the title, involves Miss Massey being inducted into the unforgiving world of the professional hitgirl, and although there's a fair bit of fighty action long the way, it's really the bedroom action that's of interest to us here. The highlight's probably a three girl/two boy free for all in the middle, in which Gemma and chums get to grips with cocksmen Tommy Gunn and Paul Chaplin, although the lesbo pairing Gemma has with Diana Doll runs it a pretty close second. Loads of girls (have I mentioned Bobbi Starr yet?) having loads of sex with some nice angles along the way. Proper job, as they say out west.

Jasmin

Mayfair's Bride of the Year

PHOTOGRAPHED BY JAN SVENSSON

One man's loss is another man's gain, so they say. And in this case it's true because if it hadn't been for a last minute argument with her fiancé we would never have been able to bring you these photos of Jasmin, the sexiest bride who never quite made it to the altar. Nineteen-year-old Jasmin was due to marry this spring, and all the arrangements had been made, including the dress as you can see. 'But my fiancé was becoming stricter with me all the time, like a keeper, and we kept clashing because I like to go out and have a good time.' The crunch came when Jasmin read one of his *Mayfairs*, and wanted to pose. 'He forbade me, so here I am,' she laughed.

This set appeared in Volume 19 which by our reckoning makes it, erm, 29 years old! Far too removed in time, sadly, to be able to verify ay of the facts in the accompanying blurb. Was she indeed equipped with bridalwear because she'd just chucked her fiancé at the last minute – and was her dad really a Gurkha? We'd certainly like to believe it was all true, and that the girl herself found a more suitable fella in due course. Who knows – after this appearance in the magazine she wouldn't have gone short of offers!

After a row, Jasmin and her fiancé parted, so she decided to show off her lithe 34-22-34 figure in her wedding dress. 'I thought it might be fun to show him what he's missing, and these pictures will look great in the family album.' Jasmin was born and raised in West London, but inherits her dark good looks from her father who was serving in the Gurkhas, and stationed in England. 'He loved it over here, and as my mother is English they settled over here. I've never been to Nepal.'

MAYFAIR
Classic

Jasmin has many relatives in her father's homeland she's never met which is one of the reasons she's temping as a shorthand typist, working up to sixty hours a week. 'I've been saving up for two years to go on a world tour and spend some time in Nepal, checking out all the places dad told me about. The trip was going to be a sort of extended honeymoon, but I'll go by myself now, and probably have a lot more fun. After all, I've never been out with any guys except Englishmen, up to now.'

CELEBRITY MUSICAL CHUFFS

SEX DEGREES OF ELLEN BARKIN

Still incredibly sexy at 59, actress Ellen Barkin made her name with roles in classic thrillers like *The Big Easy (*1987), shagging Dennis Quaid on a desk, and *Sea of Love* (1989), humping an aging Al Pacino's brains out against hotel room walls. The unconventionally gorgeous blonde beauty also cut a swathe in the recent flick *Operation: Endgame* as a slinky, lethal spy codenamed Empress, racking up an impressive body count, albeit in a slightly different fashion from the good old days.

In 1989 she married Irish actor GABRIEL BYRNE (*Defence Of The Realm, Miller's Crossing, The Usual Suspects*), by whom she has two children. The couple separated in 1993 and divorced in 1999, but remain close, with Byrne even attending Barkin's 2000 wedding to multi-billionaire businessman RONALD PERELMAN.

Their marriage ended in a messy divorce in 2006 with Barkin receiving "not one penny more" than $20 million, according to a friend of hers. In 2007, she sued Perelman for $3.4 million in investment funds he allegedly promised to invest in their film production company and he was ordered to pay her $4.3 million.

With investments in countless companies in practically every industry there is, Mr Perelman is one of the world's largest philanthropic donors and the 26th richest American, with an estimated net worth of $12 billion.

Ron Perelman has been married five times: to Sterling Bank heiress FAITH GOLDING, gossip columnist CLAUDIA COHEN, socialite PATRICIA DUFF, our Miss Barkin of course, and, most recently to Harvard-educated psychiatrist DR ANNA CHAPMAN. He is not to be confused with Ron Perlman, who plays "Hellboy" and evil bikers.

I say this because I got them hopelessly confused while writing this.

In 1945: The Allied nations celebrate VJ Day and Japan doesn't. There is joy and celebration around the world (with the exception of Tokyo and other nearby cities) and the end of war is marked by two-day holidays.

After days of speculation, the news that the Japanese, who have been faffing around promising they'll surrender for three weeks, but haven't (hence the Nagasaki bomb, dropped as a convincer) American President Harry S Truman breaks the happy news.

Meanwhile in Japan - in his first radio broadcast – spindly Emperor Hirohito whines that "a new and most cruel bomb" is to blame for Japan's surrender.

A mere 67 years later, many are still waiting for the Japanese to apologise or accept any responsibility for their horrific war crimes in both China in the 1930s and in the course of WW2.

SURRENDERS

In 1969: The Woodstock Festival attracts 500,000 flower-waving hippies, dope-heads, grubby nudists and hypes, who stagger around a field at White Lake in upstate New York for three days while 35 performers including Ravi Shankar, Joan Baez, Santana, Grateful Dead, Creedence Clearwater Revival, Janis Joplin with The Kozmic Blues Band, Sly & the Family Stone, The Who, Jefferson Airplane, Joe Cocker, The Band, Blood, Sweat & Tears, Crosby, Stills, Nash & Young and Jimi Hendrix variously strum, drum and squeal stuff at them.

Etiquette for the BEWILDERED

An A-Z of things you really, really need to know. No honestly...

J IS FOR "JUSTICE BONER"

A great new expression which describes the feeling of excitement one gets when exacting petty revenge, or simply from witnessing some bastard get precisely what's coming to them.

Justice boners can also tentpole the underwear of those who take film or television dramas too seriously, occurring when, for example, when a particularly vicious murderer or kidnapper is collared or, better yet, given a liberal taste of their own medicine. (See also "Vengeance Erections".) Why else do you think people watch *Midsomer Murders*?

LUDICROUS MOVIES

Some movies and movie franchises are just so preposterous that it's a wonder most people don't start leaving the cinema after five minutes, or else physically attacking the screen. Many are so unutterably dreadful that they don't even occasion nervous laughter. Such a film is…

CLOVERFIELD (2008)

CLOVERFIELD

Cloverfield is an American monster thriller produced by J. J. Abrams of *Lost, Fringe,* and *Person Of Interest* fame which cemented the current trend for churning out so-called "found footage" films, in which traditional camerawork goes out the window, to be replaced by someone with delirium tremens or Parkinson's swinging a mobile phone in camera mode around and continually dropping it so that the viewer sees practically nothing of the action and winds up with motion sickness.

This preposterous and incredibly badly conceived movie follows six freakishly insipid and tedious young New Yorkers attending a crushingly dull party on the night that a gigantic monster attacks the city for no reason. The monster, which is only occasionally glimpsed, smashes the entire municipality up just for jolly - beginning by punching off the Statue of Liberty's head, causing the famous female napper to roll down a New York street.

FAMOUS LAST WORDS

"Aspettate un momento!" ("Wait a minute!")

Pope Alexander VI
(reputed to be one of the ten worst popes ever)

The film is presented as found footage from a personal video camera recovered by the US Department of Defense. A disclaimer text states that the footage is of a case designated "Cloverfield" and was discovered "in the area formerly known as Central Park". Presumably in a bin.

Now imagine if somebody came up behind you, grabbed your head, and jiggled it around for 80 minutes while you were trying to watch a frigging monster movie. Exactly. Such is *Cloverfield*.

Towards the end, during the evacuation of the city, a gigantic tail destroys the Brooklyn Bridge and news reports show the Army National Guard's 42nd Infantry Division endeavouring to duff up the monster while smaller "parasite" creatures fall off its body and start attacking people.

More than one pundit has remarked, citing Spielberg's atrocious *War Of The Worlds,* that *Cloverfield* might have been made by the stupendously over-rated one himself… albeit when he was eight.
